

Road Construction Detour Route to Stuart's Landscaping and Garden Center – Oshkosh:

Beginning April 12, 2010, the Highway 41 / 76 interchange will be closed through the end of June, 2010. The Wisconsin DOT has an established detour route around the road construction work areas which will fortunately add only slightly to your drive time to our Oshkosh store. Please travel the following routes to get to Stuart's Garden Center – Oshkosh:

Highway 41 SB traffic: Continue south on 41 to Highway 45 exit. Go north on 45 to the County Road T exit (approx. 1 mile); Turn right (north) on CR T to County Road Y. Turn right on CR Y to Green Valley Road. Turn left on Green Valley Road to Stuart's.

Highway 41 NB traffic: Exit 41 onto Highway 45 northbound to the County Road T exit (approximately 1 mile). Turn right on CR T (north) to County Road Y. Turn right on CR Y to Green Valley Road. Turn left on Green Valley Road to Stuart's.

Highway 76 (Jackson St.) will remain open through the construction – one lane in each direction. Stuart's Garden Center may still be accessed via Green Valley Road and Highway 76. Alternatively, turn west on CR Y at Jackson St, travel over the viaduct over Highway 41 and turn right (north) on Green Valley Road. Green Valley Road **east** of Highway 76 will be closed during a portion of the 41 / 76 road construction. Please use County Road GG to get to Highway 76, then south to Green Valley Road to get to our store.

Please look for our directional signs along the detour route(s).

We at Stuart's realize that this road construction project will be a temporary inconvenience, but that our top-quality plant material and exceptional customer service will definitely be worth the extra drive time. We look forward to seeing you this spring and all season long.

Thank you,
The staff at Stuart's Landscaping and Garden Center - Oshkosh
